## HOT WORDS IN THE COUNCIL

**Bow Starts When Resignation Dr. McNinn As Member of Board Is Read.**

### MAYOR CHALLENGES ALDERMAN CLARK

**Ak Him Producce Proofs to Back Up His Insinuations of Craft.**

**Alderman Joe Clark was called to an uncertain meeting by Mayor Armstrong at last night's meeting of the city council, a session that lasted until nearly one o'clock this morning, and that was marked by bitter wrangling and accusations and a cascade of hot words. The ringleader was when Secretary Treasurer Cox read the letter from Alderman Dr. McNinn, giving his reasons for resigning his seat on the council board, that he could no longer remain a member and receive \$12,000 for the sale of the city of certain property required for widening Elizabeth street.**

**Alderman Clark immediately had something to say, and the meeting became real rough for his resignation," he declared. "I am only trying to evade certain investigations that this council is likely to demand in regard to certain land deals."**

**Then around the Wrath of the mayor.**

"If you are in a position, Alderman Clark," he demanded, stepping out from the chief magistrate's chair, "to secure any information of any criminal nature or of any kind, go to the alderman, then it is up to you to produce it. In fact, it is your duty to lay it before this council. If you do not have the power to conduct such investigations, I shall demand that you either produce your proofs or stop this meeting."

**There will be some respite before this is over," interrupted Alderman Clark.**

**In several occasions there has been insinuations made by yourself and your associates that I am the mayor. "In God's name, I demand to do what is necessary to get rid of you. I demand the proofs. If any of the aldermen make such statements of gross falsehood and pernicious officials, I demand that specific charges be laid. Then they will be laid before you, Mr. C. R. Homer, the mayor, and the whole world will be properly investigated. In this way you will be able to see what charges are made will have a chance to reply. As it is at present, all you do is to sit back and let me have all kinds of insinuations. It is cowardly for any man to stand up and make the accusations that you do. Because you are an alderman it is time for you to stop talking now and start doing. You are a man of action and then we will have an investigation."**

"I did not," began Ald. Clark.

"I did not," said the mayor, "you are out of order, and besides I have the floor."

**He was on the order, and besides I have the floor," repeated Alderman Clark.**

"I am not in a position to know of any of the things you say. I heard at the house of Mrs. Purchas and I hear what the other houses say. But you think so, then I challenge you to investigate and submit the evidence to a trial court."

**The resignation of McInnis was an account of the Purchases sale. After all the talk about it, I am not in a position to know of it in this way," shouted Mr. Clarke.**

"I think I am responsible for the trouble between you and Armstrong. I began to suspect there was something wrong when I saw an attempt being made to buy out the Canadian Northern commissions for arranging real estate deals for the city."

"The transaction in Elizabeth street property, and that on Clark street, too, if you want to, to find out if there was any graft, or steals or commissions on the part of any of the officials suggested by Armstrong."

**But no one seemed to wish to go this far.**

"The whole trouble has been that too much of the city's business has been handled by the Canadian Northern, was Ald. East's contribution to the discussion."

**One thing about Mr. Bouillon was that he always insisted that everything be done in writing," he continued. "In this case, he has been instrumental in getting the Canadian Northern to building operations at this end of the Calgary line has strengthened the rumors;**

### TRIBUTE TO JUDGE MARKE, Justice Tested, Toronto, Makes Final Reference to Dead Jurist.

Toronto, Ont., May 7.—"Since we met here yesterday afternoon," said Justice Tested in the non-jury cause court this morning, "our dear friend, Justice Marke, has passed away. His death has been a calamity. It has been said that he had great ability and great success in his profession. He was a man who had an acquaintance with him for more than twenty years, and who greatly admired him. I say that too much cannot be said of him."

"He was the apple of his dear old mother's eye. She worshipped him, giving him every comfort. No son was ever so dear to a mother."

"With all of his great qualities of head, heart and soul, he was a good companion at the bar and on the bench, and the people of the country never were in my sense superior to the admiring students of his heart."

**F. W. THOMPSON'S DEATH BRINGS GENERAL GRIEF**

**Managing Director of Ogilvie Company Was a Favorite With His Staff and News Received With General Regret by All.**

Montreal, May 7.—This news of the sudden death of F. W. Thompson, vice president and managing director of the Ogilvie Flour Mills company, in London this morning was received with consternation by the employees of the firm, who regarded him as a brother with Dublin. Far from alleviating the congestion of business at Westminster, he had been occupied with the last days of his life with the dangerous work of removing difficulties existing in Dublin.

Mr. Thompson, who had been a favorite with the Unionist party, and as those who had worked under him realized that they had lost their establishment, W. A. Black, general manager of the company, was approached by a telegram received from Charles R. Homer, which said: "Thompson died this morning in Dublin. Was killed mid-night with severe嗣am after being shot in the head. The Unionist party would increase the number given by the United Kingdom of Ireland."

The fact that the Irish Nationalists in times past had raised specious grounds for their independence was no proof that they would not be loyal under Home Rule. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

Mr. Thompson, who was with the vice president until the end, had a personal interview with him yesterday about two weeks ago, when Senator Forget died in Europe. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

Mr. Thompson's body leaves for Montreal by the Victorian on Saturday, the 12th, and will be buried in Alberta, and the whole world will be properly investigated. In this way you will be able to see what charges are made will have a chance to reply. As it is at present, all you do is to sit back and let me have all kinds of insinuations. It is cowardly for any man to stand up and make the accusations that you do. Because you are an alderman it is time for you to stop talking now and start doing. You are a man of action and then we will have an investigation."

"I did not," began Ald. Clark.

"I did not," said the mayor, "you are out of order, and besides I have the floor."

**FIXED PRICES AND DIVIDED BUSINESS**

**This is Evidence Submitted by United States Prosecution in Suit to Dissolve American Steel and Wire Co. Under Sherman Act.**

New York, May 7.—The American Steel and Wire Company, one of the largest of the subsidiaries of the United States Steel corporation, a partnership agreement with a number of manufacturers whereby prices for bids on steel for the U. S. Government were fixed and the business divided among the pool members according to testimony given today at the hearing of the government to determine whether the firm under the Sherman and trust law.

"Ask you if any city official made Mr. Purchas suffer, as you say, as punishment for Armstrong?"

"The testimony was given by Samuel J. Bailey of the office of E. E. Jackson, 'supervisor' of the famous wire pools whose members were included in the pool, and was appointed as secretary of the Horse Shoe Manufacturing Co.

In brief, the pools fixed the price of steel to be paid by the government to the association should sell horse shoe prices being charged when necessary, and the pools made arrangements for weekly meetings. Each member was allotted a certain percentage of the total business.

Their ages range from 5 to 18 years and there were two hours and two hours and a half each day, except only 12 hours and only one of them remained continuously after the symposium was over.

The provincial medical officer has the case under consideration and sent a serum to be injected which unfortunately was of no avail.

**Conservative Workers Wanted.**

Calgary, May 7.—It is rumored that the Conservative party is to be organized in the city. Mr. Woods, a Conservative political worker, charging seven cases of perjury, was brought into court to turn over to the G. T. P. The dilatory lawyer in which the Canadian Northern in which the Canadian Northern has been engaged in building operations at this end of the Calgary line has strengthened the rumors;

## DEBATE ON HOME RULE PROCEEDS

**Austin Chamberlain Tastes Ministers With Lack of Conviction in Their Speeches.**

### POSTMASTER SAMUEL DEFENDS PROVISIONS

**Ulster Unionist Member Says Ulster Will Still Fight and Will Be Right.**

London, May 7.—The Home Rule debate was resumed in the House of Commons today by Austin Chamberlain, who taunted the ministers with the lack of conviction shown in their speeches in the previous session, the result of which was a defeat for the Conservatives.

The financial settlement, he declared, would most certainly break down, for long discussions were held in parliament sitting in Dublin. Far

from alleviating the congestion of business at Westminster, he had been occupied with the dangerous work of removing difficulties existing in Dublin.

If the Home Rule bill was passed and Ulster resisted the decision of the party, he said, the party would attempt to drag on the north of Ireland.

Right Hon. Herbert Samuel, postmaster, defending the provision of the bill granting financial aid to establish an independent parliament under the Home Rule, said:

"In regard to the competition between Britain and Australia for the dominions, it is well known that the grants it can pass to Australia by many of the steamship lines for less money than his pay for passage to Canada. Australia's strength lies in its natural resources for war, and the Unionist policy would increase the number given by the United Kingdom of Ireland."

The fact that the Irish Nationalists in times past had raised specious grounds for their independence was no proof that they would not be loyal under Home Rule. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

Mr. Thompson, who was with the vice president until the end, had a personal interview with him yesterday about two weeks ago, when Senator Forget died in Europe. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

Mr. Thompson's body leaves for Montreal by the Victorian on Saturday, the 12th, and will be buried in Alberta, and the whole world will be properly investigated. In this way you will be able to see what charges are made will have a chance to reply. As it is at present, all you do is to sit back and let me have all kinds of insinuations. It is cowardly for any man to stand up and make the accusations that you do. Because you are an alderman it is time for you to stop talking now and start doing. You are a man of action and then we will have an investigation."

"I did not," began Ald. Clark.

"I did not," said the mayor, "you are out of order, and besides I have the floor."

**AUSTRALIA SEEKING BRITISH EMIGRANTS**

**Stomach Diseases to Australia Less Than Can a Man Through Distance of Three Times as Far—Deploring Farming Population.**

**Special to the Bulletin.**

Winnipeg, May 7.—W. J. Christie, Winnipeg capitalist, returned today from England. Giving interview, he said:

"In regard to the competition between Britain and Australia for the dominions, it is well known that the grants it can pass to Australia by many of the steamship lines for less money than his pay for passage to Canada. Australia's strength lies in its natural resources for war, and the Unionist policy would increase the number given by the United Kingdom of Ireland."

The fact that the Irish Nationalists in times past had raised specious grounds for their independence was no proof that they would not be loyal under Home Rule. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

Mr. Thompson, who was with the vice president until the end, had a personal interview with him yesterday about two weeks ago, when Senator Forget died in Europe. In Canada, however, the same arguments were made before those countries got self government. The attitude of the representatives of a people who were seeking to be independent of the government, that position the Unionists sought to perpetuate.

## IN THE REALM OF WOMAN BY PENELOPE

Mrs. Louis Schutte, London, England, has arrived in the city to join her son, Mr. and Mrs. M. J. Barr, who will make their home in Edmonton, as are present guests at the Corsons.

Madame Cote, who has been quite ill since Monday morning, Quebec, where she will visit her parents, Professor and Madame Gagnon.

Mrs. Hignett and Misses Hignett are returning to the city on Monday evening. Mr. and Mrs. Drayton will take up their residence in the former home occupied by Mrs. Hughes.

Mr. and Mrs. Burt and family yesterday afternoon for Montreal en route for Enfield.

Mrs. Harcourt leaves on the fifteenth of the month with her little family for Victoria, where she will take a cottage for the summer.

Miss Beatrice O'Conor and Mr. G. W. Conner are enjoying a holiday in the East.

A jolly little dance of short twenty-four hours, which the boys had all too quickly at the Blue Moon on Monday night, was the guest of honour at the Millie Club. The girls were more than ever tempo.

The guests included Mr. and Mrs. Heathcote, Mr. and Mrs. Pardee, Captain and Mrs. McKinney, Miss DuBois, Miss Oliver, Miss Kathleen MacLean, Miss Josette Belcher, Miss Marlene, Misses Hartley, Misses Hart, Mrs. MacDonald, Miss Alberta, Mrs. McNaughton, Mrs. Oliver, Misses McKinney, Misses Oliver, Misses Hartley, Misses Hart, Mrs. MacDonald, Mrs. Barnes, Morse, Dawson, Garret, Hartley, and Spiller.

Mr. Day entertained at an elegant bridge party of five tables on Monday evening. The players all left the latter a handsome plumed success.

The guests included Mrs. Pope, Miss Wishart, Miss McKay, Miss MacKenzie, Miss Hart, Miss Hartley, Miss Hartlie, Miss Alice Cameron, Miss Seymour, Miss Belcher, Miss DuBois, Miss Oliver, Miss Kathleen MacLean, Miss Josette Belcher, Mr. and Mrs. Dr. Brown, Miss Harris, McPherson, W. A. Starkie, Belcher, Dr. Jameson, Field, Buchanan, and Mr. and Mrs. Hart.

The first friends of Miss Margaret Carter, who returned to her home in Ridgeway, Ontario, last December, will be pleased to learn that she is now in full health and quite restored in health and strength, and is at present staying with her brother, Mr. J. C. Carter, in the Avenue.

The monthly meeting of the Christ Church branch of the Women's Auxiliary will be held on Wednesday May 15th at three o'clock in the church annex, Sixteenth Street.

Miss Dorothy and Miss Jessie Potter, who went east with the Amateur Dramatic Club, have returned.

Mr. and Mrs. C. A. Lowe, Mrs. and Mrs. W. J. Hoyle and families, will sail from Montreal, on their arrival there, for Liverpool, on the Mersey.

The engagement is announced of Miss Gladys Jardine, 19, of Alexander Drive, Toronto, to Dr. Gustavus John Hope, of Edmonton. The marriage will be very quietly held in White nipeg about the first of June.

Mr. and Mrs. James MacDonald announce the engagement of their daughter Marian to Edward A. Condon, manager of a United Land company.

Toys on Trains.

One of the English railways has

Printing Department.

JOHN H. F. HAYES,  
Managing Editor,  
Business Manager.

WEDNESDAY, MAY 8, 1912.

**A PLAIN DUTY.**

The workmen's department should recruit a relief corps to extricate unwary house-holders who may get mired in the bath-tubs.

**TO PREVENT MISTAKES.**

It is recorded in the history that the town of the Land was once turned into a den of thieves. This is not to be construed as having any bearing on the fact that one of the local candidates has his campaign headquarters in a church building.

**RIGHT FOR ONE.**

The *Calgary Herald* is displeased with the new Ministers who were sworn in on Saturday. It is particularly angry that Mr. Boyle has been taken into the Government. The Member for Sturgeon, the *Herald* seems to think, will materially strengthen the Government and correspondingly lessen the chances of the railway-blockaders getting into power. In that the *Herald* is right.

**A NATIONAL LOSS.**

The death of Judge Maybee is a sad loss to the country. As a member of the Railway Commission, he made a name for himself such as any man might envy. Gifted by nature with strong sense and equally strong resolution, he added the qualifications of a thorough knowledge of railway law and steering integrity. The public knew him as a man whom a single dog could hardly scratch; every time the public interest required protection against the encroachments of a company, notwithstanding his decisions were frequently against them, was any noticeable outcry raised against him by the companies which he had so frequently to bring to justice. That he left his work at a time when much remains to be done in the regulation of the transportation companies, he leaves the principle firmly established that regulation by a competent commission can abolish the abuses which had made the private ownership of railways a continuous source of public grief.

The Government will have trouble in finding a successor so admirably fitted for the difficult duties of this highly important office.

**A CAMPAIGN OF FALSEHOOD.**

The Journal advises the people of the Sturgeon district to vote against Hon. John H. Boyle because he criticized the terms of the A. & G. W. railway project and says:

"No riding has suffered more from the anomaly which has prevailed in the last few weeks and the consequential policy of the Sifton government than Sturgeon, through which a railway line was in active course of construction two and a half years ago, and which now has to be content with promises, the fulfillment of which the whole record of the Government shows."

It is a fact that the A. & G. W. was "in active course of construction two and a half years ago" or at any other time? It is true that a mile of grade was thrown in haphazardly when it became apparent that Mr. Boyle and other members of the Legislature failed to criticize the terms of the bill, and that that company failed to protest against delay in starting construction of the road. For that service to the people of the district and of the Province the Journal urges that the Minister of Education should be condemned and not commended. Is that a snare for a public trial? And if condemnation is made the reward of one who

**WEDNESDAY MORNING****EDMONTON DAILY BULLETIN**

MAY 8, 1912.

**THE FINANCIAL AND COMMERCIAL MARKETS****GENERAL ADVERTISING**

dares criticise a measure promoted by his party friends with the effort to make greater independence in the Legislature, or to make the members on either side inclined to "stand together" and justify anything that the party in question has done?

Is it true that the Sifton railway policy is a policy of "promises" only? At the present time two of the major railway builders in this country are carrying on construction work on two lines of railway running through the Sturgeon constituency. At Oliver station, Mr. McCormick has started a gang of men clearing the right-of-way and grading the C.N.R. line at Battlement, and at Pawle des Moulins, Mr. J. D. McArthur has started a large outfit clearing and grubbing the line of the Edmonton-Dunvegan road, which crosses the Sturgeon river at Namao. Is this a policy of "promises" only? If so, what would a policy of "performance"?

If the *Journal* has taken the opportunity, on the basis of the Opposition campaign in the by-elections, to be wholesale, unlimited and self-evident misrepresentation, both the misstatements quoted were known to be misstatements when they were written and published in the *Journal*.

**GERMAN STEAMER LOST.**

**ANGUSORE.** With cargo Valued at \$1,000,000, May Have Foundered.

New York, May 7.—There is fear among shipping men that the *Angusore*, a German steamer, a cargo vessel at a million dollars is lost and the all on board have perished. The ship was last seen on May 1, bound for Australia, and was bound for Australia.

**CORNELL GETS \$600,000.**

**Distribution of Late Gordon Smith Estate is Completed at Toronto.**

Toronto, May 7.—Distribution of the late Gordon Smith estate has been completed. The value of the remaining legacies, bequests and gifts to charitable institutions was originally valued at \$12,297, but the amount of the legacies and bequests to charitable institutions was \$10,000.

The *Angusore* had a crew of thirty.

## AROUND THE CITY

## LOCAL

The court of appeal will be held on June 5th when any appeal against any of the assessments of the city treasurer will be made. It is expected that there will be very few appeals. The treasurer has said that he will look for a new treasurer for the city on his trip east. He will return to the city on the 1st of July with a view as to what his inquiries brought forth.

The possibility of the governor general's visit to the parliament buildings has been discussed by Mayor Armstrong and a committee of citizens. The committee met with Premier Sifton and seek his views on the matter. The mayor was asked to make arrangements to receive the Duke and Duchess of Connaught on their arrival in the city.

Norman Willis, treasurer of the firm of Messrs. Samuel Willis & Co., joint manufacturers of the west end, was in town yesterday. He was in the kitchen and lamented the wood work causing considerable damage to the interior of the kitchen. A permanent application of water and cement put out the blane in a short time.

**A DROWNING MYSTERY.**

It is believed that a drowning has occurred in the Saskatchewan river within the past day or two somewhere west of the city. The city police and mounted police were called by Mr. Walker, of the South Side, that he had seen an overturning boat and a man's hat and coat floating down the river. They expect the Great Estate. It is probable that the boat may have capsized and the man drowned. The police, however, are inclined to credit the drowning to suicide. The body if there has been drowning, enquiry around the city last night failed to find any trace of it. Report from Port Huron, Detroit, and Chester beyond the report received from the South Side.

**WHERE STUDENTS WILL SUPPLY**

The following is a list of appointments of the summer staff for students at the Normal School:

Calgary District — Calgary-Parkdale, G. A. Bishop; Shepard, J. E. Constance, G. E. Fawcett; Medicine Hat-Rush Lake, W. F. S.; Lethbridge, E. Fennell; White, H. G. Osborne.

Lethbridge—Milk River, E. Fairweather; Thier, J. Lett, Barons, J. H. Potts, J. C. McLean; Mr. and Mrs. John Berry; High River, Ida.

Red Deer—Kee Hill Valley, Th. Lounsbury.

Medicine Hat—Medicine Valley, G. A. Sander.

Stettler—Donaldia, E. F. Kemp; High Dale, D. Young; Big Stone, L. N. Hougham; Avada Valley, P. Hoisted; Fairview, O. A. Keay.

Wetaskiwin—Battle Lakes, Mr. Schubert; Merna, W. R. Leard.

Edmonton—Hillside, H. H. H. Farry; Kimball, Kingstone; Edmonton—Randall, J. H. Rogers; Cardinal, J. D. D. T. Tupper; East Edmonton, W. H. Day; Fitzhugh, W. Webster; Paddle River, A. Fort Saskatchewan — Ardrossan, W. Forsyth; Beaver Hills, D. Simpson.

Vermilion—Clarkville, T. C. Colwell; Fairburn, J. Suttill; Bandenwell, William Dyke.

## DIAMOND HALL

WHAT'S IN A NAME?

Both the sentimental and artistic value of a gift is enhanced when it is known to have been purchased from a reliable house. Diamond Hall stands for quality, and any article received from the jewelers in a Diamond Hall box is at once recognized as being the best that it should be.

## SEVENTEEN LIVES LOST IN THE FLOOD

Rafia on Which Father and Wife and Two Daughters are Enduring

Rocky Hill Ground Breaks and Three Are Drowned.

Baton Rouge, La., May 7.—Seventeen lives are known to be lost in the flood which has inundated the lower levels. Three white persons were drowned today on Bayou Lafourche when a man and daughter were pulled to pieces by the swift current from the break. The farmer was the only negro.

Fourteen negroes lost their lives in the Luttrell neighborhood, the official river gauge at head of Canal street registered 21 feet at 3 o'clock this morning.

Deaths since 7 a.m. United States weather officials were of the opinion

that the final toll would be about 21.5 feet which would mark the passing of the greatest flood in history.

FRUIT CASE OF TRUANCY.

The first case of the kind was heard yesterday afternoon. The boy was 14 years old and had been away three weeks last month and was picked up in the street by a police officer who found him to be truant. He told a tale to the officer of having been sent out by his father to find a job and having been unable to get work the following morning. The story proved to be a fabrication, however, and the boy was charged with being placed on probation. He will have to visit Superintendent Chadwick every week and see his parents and frequent children, one week until such time as he shows that he has been sent out by his father to find a job.

The carpenters request that the new minimum wage to come into effect at \$1.25 an hour.

## CARPENTERS DEMAND FIFTY CENTS PER HOUR

Large Meeting Held Last Night at Which the Higher Scale Was Adopted and Next Week

Entire Force Demanded.

The carpenters of the city of Edmonton at a mass meeting held last night in Mechanics Hall decided to demand a minimum wage of 45 cents an hour for carpenters.

Over 250 were present at last night meeting and the feeling of the meeting was in favor of the demand in favor of higher scales.

No trouble is anticipated with the carpenters in regard to the demand of the carpenters. Hitherto the existing minimum wage has been 45 cents an hour, 25 cents and even as high as 35 cents. The carpenters are coincident with that of a number of other unions in the city who have voted to increase the scale of wages.

The painters were recently raised to 50 cents an hour, the plumbers to

60 cents an hour, the bricklayers to

65 cents an hour, the masons to

70 cents an hour, the electricians to

75 cents an hour, the iron workers to

80 cents an hour, the boilermakers to

85 cents an hour, the sheet metal

workers to 90 cents an hour, the

carpenters to 100 cents an hour.

The carpenters are asking that the

new minimum wage to come into

effect at \$1.25 an hour.

NEW BRICK INDUSTRY TO ESTABLISH IN CITY

Hardstone Brick Company of Edmonton, Ltd., has Taken Over Projects of Pressed Bricks, Ltd., and Will Ready to Work

Without any means of transports a new industry has quietly laid its plans for beginning the manufacture of brick in Edmonton.

The new concern is the Hardstone Brick Company, which was incorporated March 1st, ready to commence operations.

According to Mr. George A. K. Wright, president of the new company, the plant will be located in the south end of the city.

Paris Matin Inaugurates Peking to Paris Race for French-Made Aeroplanes

Paris, May 7.—The Matin today published the regulations of the Peking-to-Paris aerial race, which is open to pilots of all nationalities who possess a pilot's license of their respective Aeronautical Associations. Each aviator must use a French-made aeroplane. The start will take place in Pekin September 1, and prizes are offered: First, \$20,000; second, \$10,000; third, \$5,000. The race will be run in three stages. The first place of at least five entries have been received before June 26. Control stations will be established at the following towns: Pekin, Tientsin, Shanghai, Nanking, Wu-chow, Canton, Kweichow, Szechuan, Chungking, Yenan, Chungking, Tsinan, Wu-chow, and Peking. At each of these stations the competitors will have to descend and have their books signed and the counters will be reset.

It will be permitted to replace or repair parts of the machine, but the whole aeroplane must not be changed. To insure that five parts of the machine are replaced, the pilot will be required to sign his name in the machine on its arrival in Paris. It will be permissible for either one pilot, a team of two pilots working together, or a team of two pilots taking turns to compete in the race.

## NO PADDING WILL BE PERMITTED IN CENSUS

City Assessor McMillan has Prepared a Report for the Census of City 2000. This Report Must be an Honest Count, He Says.

City Assessor McMillan is making rapid headway with the preparations for the taking of the civic census on the 1st of June. Yesterday afternoon he was in the council chambers the census signs he had put up; on which were inscribed the words "No padding will be permitted in the Greater Edmonton" and "The Greater Edmonton will be asked to answer." These are few in number and are placed in prominent positions by the Dominion census commissioner.

The city has been divided into 25 districts, 12 of which are located on the south side. The south side divisions are according to the old boundaries of the city, and the banks of the river have been laid out according to population. Each district has a card with full instructions to them have been printed on the card.

"Cards will be distributed by the assessor to each household of families as well as tenants and occupants as asked for in the card and have them ready when the assessor calls for them in a day or after they are delivered. A card will be left for each family, and the name of each tenant or occupant in every house."

"There must be taken that each house, shack or tent is visited and all the inmates counted," the instructions say. "The number of houses in the city will be counted even if temporarily absent. No padding will be permitted in the census because for we must have an honest count."

The information required from each family includes name, address, whether an owner or tenant, whether a British subject, and the total number in each family.

## C.N.R. BOATS TO HAVE WIRELESS 24 HOURS

Second Operator Will Be Maintained on Royal Edward and Royal York Boats, and President's Order to Detect Ice Is Now Being Tested.

Winnipeg, May 7.—The Canadian Northern Railway has decided to maintain a second operator on their steamers Royal Edward and Royal George, thus obtaining the services of two men. This has been shown as essential by the Titanic disaster. "These will be about the same size as the boats now in service," says Mr. Steiner who has two operators. The company is also arranging to have a thorough test of the wireless apparatus for the new boats.

Mr. Steiner, who has invented a device called the nuptchometer, called by the Royal Queen, will be in charge of the apparatus. It trails from the ship's tariff, after the fashion of the ocean liner, and will be able to determine the time and location of ice within a radius of two miles by means of a pendulum dial in the chart room.

## SURVEYING C.N.R. ROAD TO THE HUDBON BAY

Yorkton, May 7.—Survey work on the proposed road from Yorkton to Prince Albert near the C.N.R. bridge over the Saskatchewan—was begun.

More and more are we in Canada earning our reputation as a nation of well-dressed men.

We it not for the economic savings in men's wear effected by the great organization tailoring Semi-ready Clothes, such suits as we sell at \$15, \$20, \$25 and as high as \$35 would now cost twice as much in the old retail way. In some places they do.

Frock Coats, the "de luxe" of fine tailoring, \$20 and \$25

DIVISIONS OF THE C.R.D.  
Daily Chronicle Demands Campaign Against Ambassador Bresciani.  
London, May 7.—The Daily Chronicle demands that the Foreign Minister Mr. Bryce as squallid, adding that it cannot but annoy Canadian statesmen to have him in the country, suggesting it is well to keep the policy of the Overseas Dominions from becoming the subject of British party politics.

The Morning Post publishes in full the correspondence between President Wilson and Mr. Bryce, but does not comment on it.

The News says: "Mr. Bryce has no right to demand that the negotiations Canada would probably have demanded his recall for his impertinence."

## 10-FOOT SCAFFOLD COLLAPSED.

Trokey Men Hurled to Ground in Montreal—Killed.

Montreal, May 7.—Twenty workers on a forty-foot scaffold this morning at the Pitt Carlton Hotel, near the corner of St. Laurent and Drummond Streets, twice went down. The workers, buried to the ground under the weight of the timber. Captain Mateus, was instantly killed and others suffered no serious injuries. One had to be hospitalized for treatment. Those seriously injured are James Murray, Allie G. Clark, and John McLean. All of the others escaped with

## INVENTION TO TELL OF PRESENCE OF ICEBERGS

LONDON, May 7.—The Daily Telegraph's Copenhagen correspondent sends the following despatch:

"LONDON, May 7.—The famous inventor, the late Mr. Edison, has made an invention which it will be possible to ascertain the presence of icebergs of rocks at a distance of two-thirds of a mile—will not sell invent-

oration to the public."

constant exposure to the inclemencies of the weather, makes strong men if the system is properly fortified to withstand the battle with the elements. Whether it is business, stern necessity, pleasure or the pursuit of sport that keeps you out of doors, you will find a valuable friend in

## RED CROSS GIN

a pure, well-aged spirit, the product of the distillation of the finest Canadian Grains and the choicest juniper berries.

**RED CROSS GIN** is manufactured under the direct supervision of the Canadian Government and thoroughly aged in bonded warehouses before it is put on the market. Each bottle bears the official seal of the Canadian Government, whereas Foreign Gins afford absolutely no guarantee as to purity and age.

If you value your health, insist on having **RED CROSS GIN**.

620, ST. PAUL STREET, MONTREAL.

## CALGARY BREAD PRICES GO UP.

One Cent More Per Loaf Will Be Charged After July 1st.

Calgary, May 6.—On July 1st the price of bread will go up one cent. On that day the law which orders wrapping on all bread will go into effect. The law will require that the baker must be advanced to meet the increased cost of production. The exact amount of the increase is not known but will probably be nearly one cent per pound and a half loaf.

Paris, May 7.—Jules Verdrines, who was recently buried in an aero-plane accident, whose condition was at first regarded as hopeless, has now recovered and is in good health and will probably have a good chance for recovery.
